Part No: WS-21TH, WG-21TH
Description: Rear door window screens/guards

Vehicle: Chevrolet Tahoe
Model year: 2021-2025

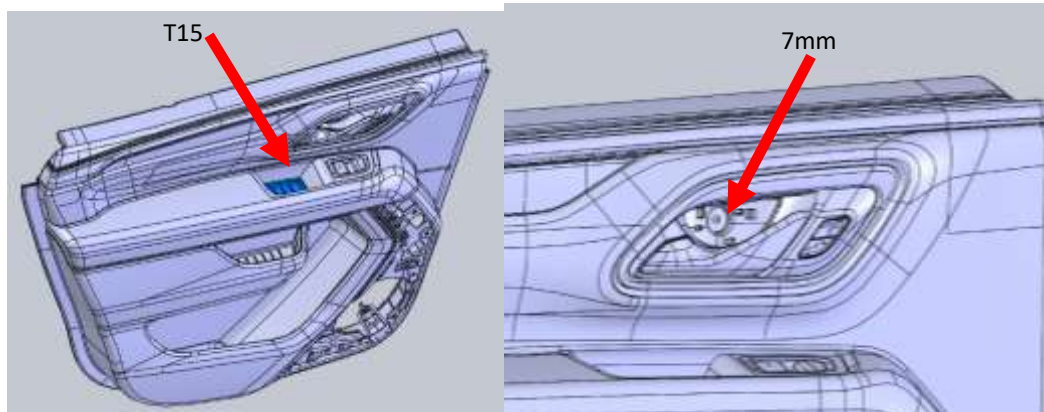

Tools Required

7mm socket	Drill with 3/16" bit	Body panel removal tools
T15 driver	Rivet gun with 3/16" nosepiece	

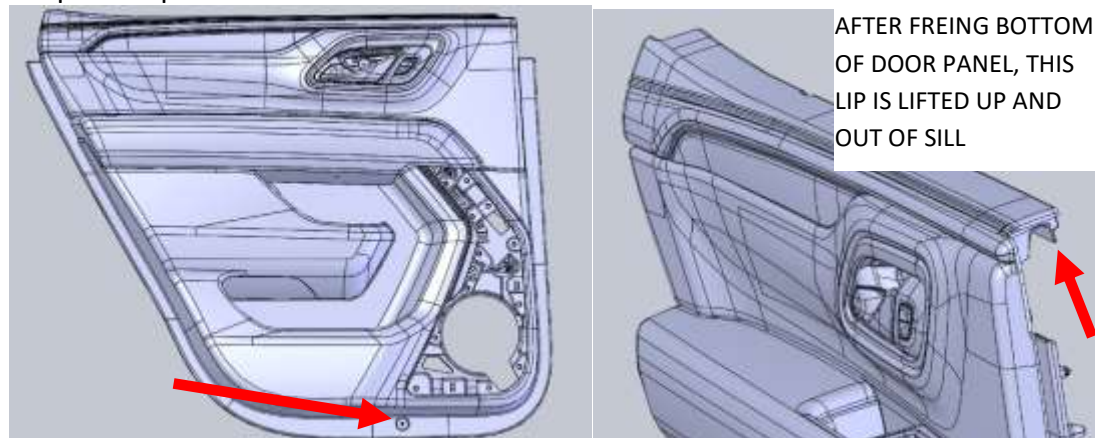

Troy Products recommends reading through all installation instructions prior to installation to check all necessary parts have been included.

I.) Door panel removal:

- 1.) Remove rubber trim from hand-hold area. Remove plastic trim from door handle using body-panel pry tool. Using a T15 driver and a 7mm socket, remove two fasteners present in hand-hold and one from door handle area.

- 2.) Remove fastener in indicated location using 7mm socket. Pull door panel away from door by prying the bottom of the panel away from the door and working your way to the top. Door panel can be lifted from door sill.

3.) Leave the plastic OEM trimming when installing the window guards.

Insert screen/guard into door, placing flange inside rubber channel. Flange should be surrounded on both sides by rubber, make sure window glass does not interfere with screen/guard when operating.

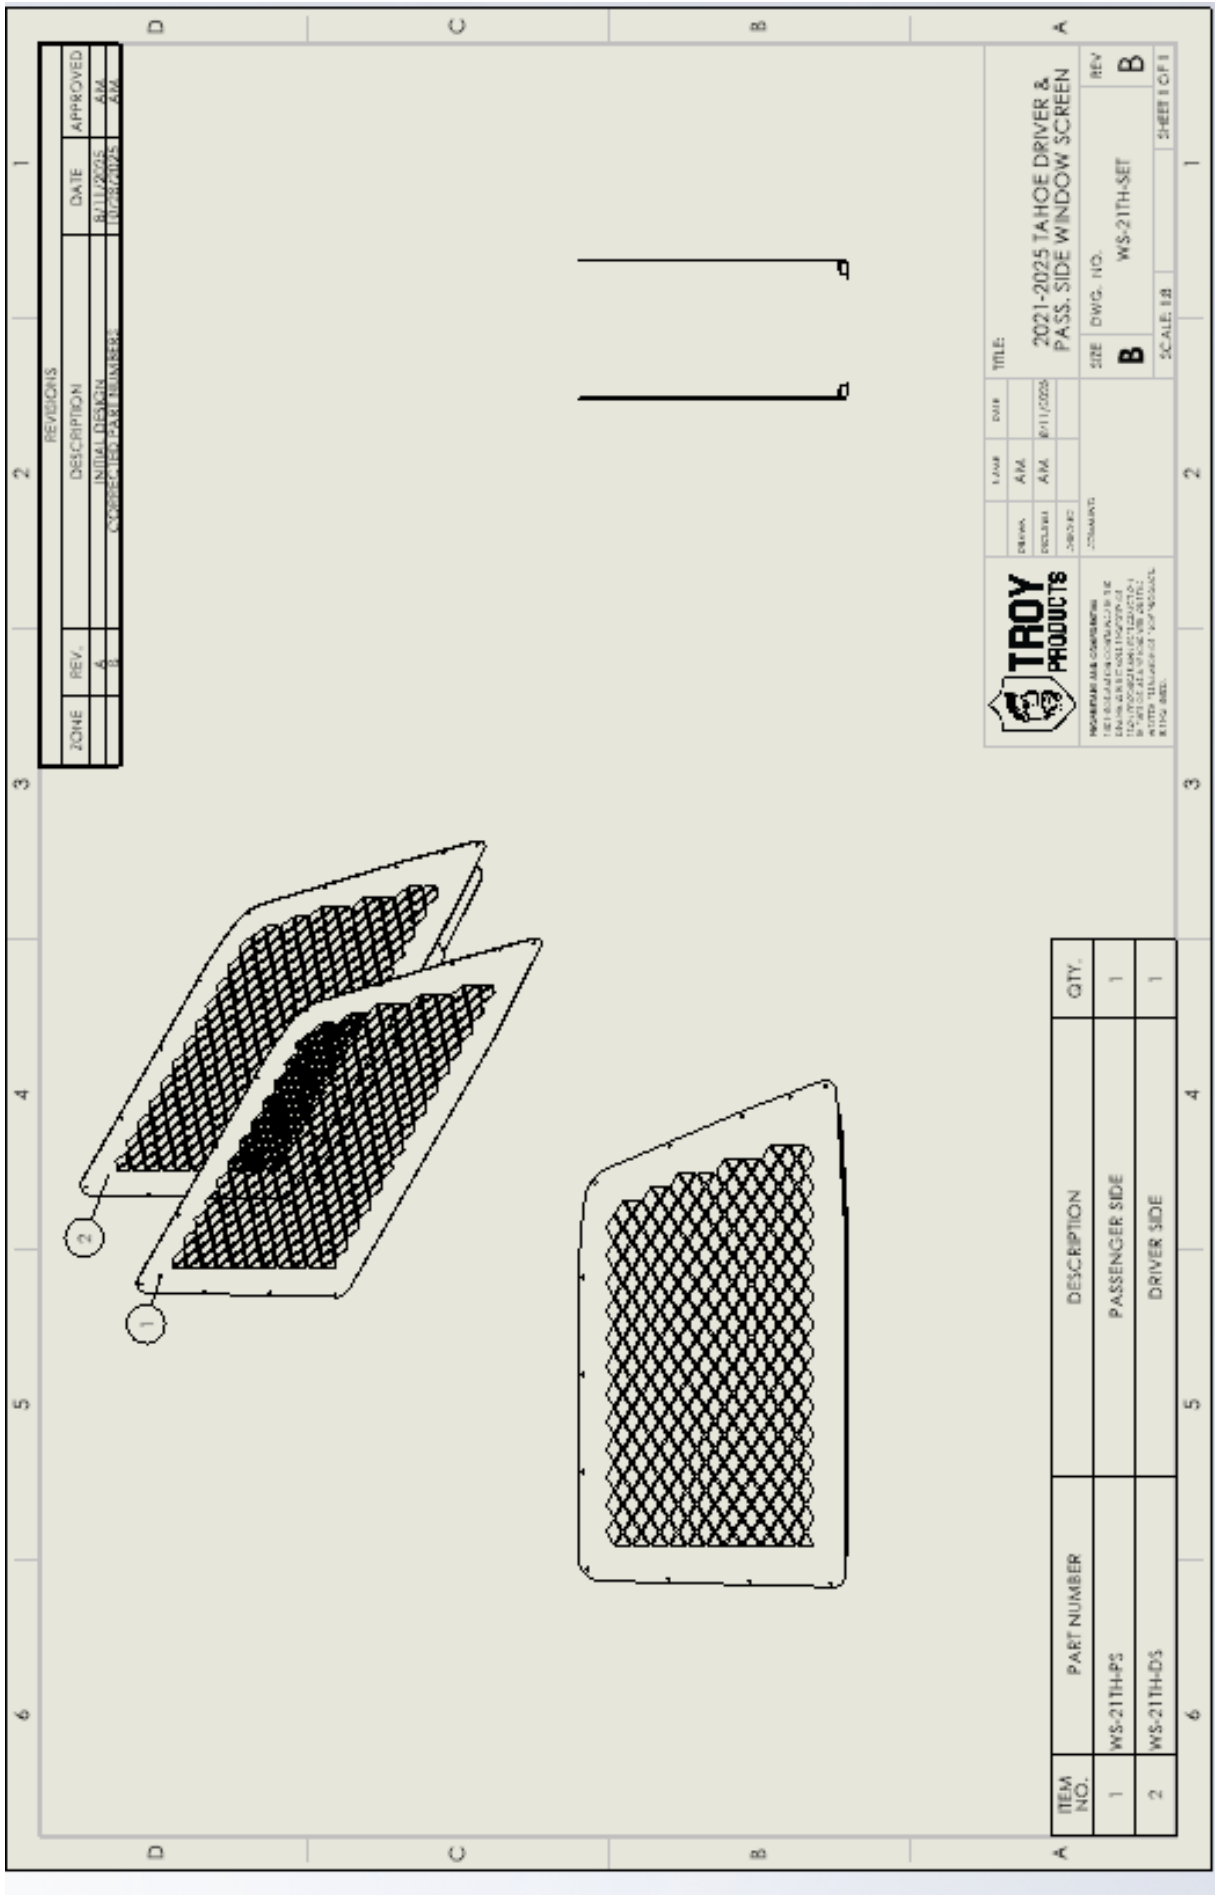

- 4.) Line screen/guard up on door frame and temporarily secure. drill holes in door with 3/16" drill bit.

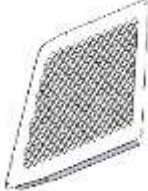

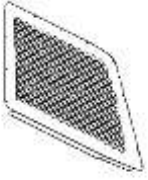

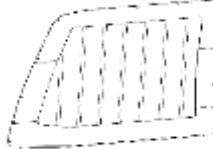

- 5.) Rivet window screen/guard into place using provided 3/16" rivets.
- 6.) Repeat steps at opposite door side with corresponding parts.

Your installation is now complete. If you have any questions or suggestions for adding additional instructions, please call **Customer Service at (800) 700-8769.**
